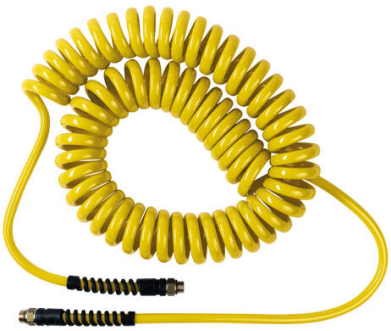
Spiral hose, PU, High visibility, Ø 8X12 - yellow



AIRSET®

Mod. TSG0750812

Spirals made of polyurethane 95 shore, with **swiveling fittings, Fitted with plastic spring guard and o-rings (no need for teflon)**. To connect pneumatic tools or blow guns to an air compressed system or compressor. also suitable for fluids like detergents

Spiral hoses are ideal for air tools used at varying distances from a fixed air outlet. They can be easily stretched and retracts immediately when released. **When used with hand-held tools, its self-storage principle ensures that the hose is kept off the floor and out of the way of the operator. The high visibility hoses can be used as an additional safety measure at the workplace. Highly identifiable, to prevent tripping and accidents.**

All models have ball bearing swivels fitted to allow complete rotation. All spiral hoses, are **fitted with plastic spring guard: scratchproof, especially on delicate surfaces**.

Features

- Made of polyurethane 95 shore
- Swiveling fittings, male 1/4” or 3/8"
- **Fittings equipped with o-rings: no need to put teflon on fittings, ready to use with no air leaks!**
- **High visibility yellow colour: to prevent accidents**
- **Fitted with plastic spring guard: scratchproof, especially on delicate surfaces**
