

# Tucano blow gun with silenced nozzle and air plug

AIRSET™ TUCANO

**Code TCN PN 4040E74**

Tucano Blow Silenced blow gun, featuring a pre-mounted **European DN 7.4** quick air plug for connection to a **quick coupling**. Equipped with a **compact** and **especially silent** plastic nozzle. The plastic tip prevents damage to delicate surfaces. The gun delivers a **broad airflow**, ideal for all **cleaning and drying** tasks.

## Speed

The distinctive feature of the Tucano blow gun with quick air plug is its ability to **quickly connect** to air compressors using specially designed fittings. This air plug allows operators to **easily connect and disconnect the gun**, reducing setup times and improving overall **efficiency**.

## Safety

When using compressed air, leaks most often occur at fittings or air plugs. It is therefore essential to ensure **high-quality** connections; this ensures both **cost and energy savings**. Tucano blow guns with quick air plugs guarantee long-lasting quality and airtight connections.

## Ergonomics

Ergonomics is another crucial aspect of the Tucano blow gun with quick air plug; it features a soft-touch rubber handle designed to maximize operator **comfort** during extended use. This helps **reduce fatigue** and increase **workplace safety**.

Blow guns with quick air plugs are a **reliable and effective solution** for a wide range of **industrial applications**.
