

TUCANO BLOW GUN WITH SILENCED NOZZLE

AIRSET® TUCANO

Cod. TCN PN 4040

With silenced nozzle, for a high noise reduction. Suitable for sweeping large areas or general-purpose cleaning of parts and machines. Nozzle is made of rugged plastic, resistant to wear. Moreover, offers a scratch-free material to minimize the risk on delicate surfaces.

Variable airflow trigger

Tucano adopts a special valve which allows a progressive control of the lever: this reduces the noise level and air consumption. In the progressive mode the operator can adjust the flow with great precision, which is useful in the most jobs. Instead, fully pressing the lever will use all the blowing force

Ergonomic handle

Tucano offers a Soft-Touch handle, made of soft ergonomic rubber, for comfort and easy handling. This material reduces the risk of repetitive strain injuries
